INTERNSHIP

Data Analytics Intern- Kyanites Technologies, Madurai

May 2025-June 2025

Designed and built Power BI dashboards for academic data of Madurai colleges as part of my internship, applying data modeling, visualization, and reporting skills.

PROJECT

- **Web Development Project – Dr. Ambedkar Women’s Development Council**

Built an awareness website using HTML, CSS, and PHP, supported by insights gathered from surveys and interviews.

- **Machine Learning Project – Travel Recommendation System**

Developed a travel recommendation system using machine learning algorithms, including data cleaning, preprocessing, and visualization for improved model accuracy.
