ABOUT ME

Hi Sir/mam Im Bharath Im Experienced machine learning engineer with expertise in algorithm design, statistical analysis, and learning. Adept at collaborating with teams on large and complex projects to deliver innovative, data-intensive solutions that improve software and platform performance.

EDUCATION

2021 - 2023	Bachelor of Computer science Management
kamaraj university	BSc Computer Science Ultra College of Arts & Sciences 7.5 CGPAA Six semester Full time Course. That Included a final handson project to graduate.
2024 - 2026	Master Degree of Data Science Management
The American College (Pursuing)	Msc Data Science The American college Im Currently doing Msc Data Science Four semester Full time Course.
2018 - 2020	Higher Secondary School of Education
Jazz Public School	Courses Biology/Computer Science
2017 - 2018	Secondary School of Education
Seventh Day Adventist	

EXPREIENCE

Phoenix Softech (Internship), [Madurai ,India] (10/05/2025 - 10/06/2025)

Project : Developed a machine learning model to identify the predictive maintainance of network tower using python , numpy , pandas , matplotlib,scikit learn

ACHIVEMENTS

Played on a Zonal level Championship Match under south zone

Won Runner Up in the same championship

SKILLS

Language :	• Python & SQL , Html & Css , NLP, Neural Networks, Transformers & Gen AI
Frame works :	• Pandas, Numpy, Scikit learn & Matplotlib
Platforms :	• Visual studio code , Jupyter notebook & Google colab

LANGUAGE

Tamil & English	• [Speak , Listen , Write]
----------------------------	----------------------------

INTERESTED PROJECT

- Prediction Model
- Detection Model
- LLM
- Sentiment analysis
- ML/AI
