VISHNU PRADHAP .P

M.sc Data Science

✉ vishnupradhap57@gmail.com 📞 9363141904 📍 Rajapalayam

📅 01/04/2003 in www.linkedin.com/in/vishnu-pradhap-p-9a747331b

Education

M.sc Data Science, *THE AMERICAN COLLEGE , MADURAI*   2024
MADURAI

B.sc Computer Science, *THE AMERICAN COLLEGE,MADURAI*   2021
MADURAI

Summary

Data Science professional skilled in Python, machine learning, leveraging data-driven insights and technical solutions to support business decisions experienced in designing AI solutions, predictive models, and scalable web applications

INTERNSHIP

Data Science Intern - Dot Com Infoway - May 2025 - June 2025

- Preprocessed and analyzed structured datasets using Pandas and NumPy.
- Visualized insights using Seaborn and Matplotlib to support business decisions.
- Collaborated on classification and regression model development to predict outcomes

Data Analytics (SQL& POWER BI) AUG 2025-SEP 2025

SQL
- I learned how to write SQL queries to store, retrieve, filter, and analyze data.

POWER BI
- I learned to transform raw data into interactive dashboards and visual reports.

Projects

UPI TRANSCATION ANALYSIS using Machine Learning

- To examine user transaction behavior including frequency, amount patterns, peak transaction times, and preferred UPI apps.
- To use statistical or ML-based techniques to identify abnormal patterns such as repeated failed payments, unusual spending, or suspicious transaction spikes.

CROP RECOMMENDATION Dashboard – Power BI

Developed an interactive dashboard to visualize Crop Recommendation using Power Query . Tools: Power BI, tableau

Certificates

Microsoft & LinkedIn
Career Essential in Data Analytics

MangoDB
Getting Started with MongoDB Atlas

Goggle
Introduction to cloud
